Click here to download the 2010 Youth Grief Support Flyer.

Grief is a normal and healthy response to loss.

Within every child and adult there is a natural ability to respond to great loss. Each person chooses their individual path for expressing grief. Help begins with understanding. Click here to learn more.

Grief at School

Click here for to learn more about free workshops designed to help educators identify and help grieving students. Break through strategies to teach and counsel youth who have lost a loved one.

Workshops can be customized to meet the ages of the youth with which you work. To schedule a workshop, please call 969-1733.

For all ages...Discover Healing Support on Life's Journey

Free grief counseling, support and education is available for anyone

grieving or anticipating the death of a loved one. For individual appointments, group schedules, or more information, please call us at 969-1733 or visit <http://www.hospiceofhilo.org/bereavement>.

It is our mission to be an integral part of the community, providing compassionate, quality end-of-life care through support, counseling and education.
